This Mac download was scanned by our antivirus and was rated as clean This free software for Mac OS X is a product of Blue Byte.. You guys ought to remove the link or put it in a reviews section and make it and others like it clearly not in the list of Abandonware games cos they arent abandonware.. They're licensed software that needs to be purchased
king021yeah2017-09-100 point Does anybody have the iso image of the cd for mac? Or is there any way to make the music work in this version?Curlyjap2016-04-130 point Every time i download something here, it is either corrupted or incomplete, this one is no exception.
